Wisconsin Department of Health Services

Primary Issue Identified

Wisconsin has made great strides in identifying and protecting elders. No one should experience or endure abuse, neglect or exploitation. Let individuals know that you are concerned about them and that they are not alone. There are others who do understand and are there to help them stay safe. Call the **Aging and Disability Resource Center (ADRC) of Dodge County at 920-386-3580** if you need to talk to someone about suspected abuse, neglect, or exploitation of an adult-at-risk.
